# cloud solutions that work for your music

## LEARN AND JAM FROM HOME

Using cloud technology, you can access your material from any internet-connected device.

This portability provides endless potential for success.

Come try us out and join the revolution!

## musical Revolution

Never before have musicians become able to collaborate so quickly in a global environment.

Learn piano in America from an instructor in Germany!

Play guitar in Poland for an online band based in Japan!

Haven't played the drums since high school Jazz band? Connect with a pro in your state!

## affordable solutions for your music needs

### WE VALUE OUR CUSTOMERS

As a company, we value collaboration, respect, constructive criticism, and aim to help our customers in achieving their goals. Our responsibility is to help ensure that all levels of musical ability can grow.

### FILE MANAGEMENT

Manage your files with our intuitive user interface. Start a guitar track and find a drummer in another part of the world to help you tighten up the tempo. Post the files to a forum and let other authorized users add bass and keyboard tracks, even vocals! The goal is to let you collaborate through both live video chat, and through file sharing. Our free membership lets you share up to 100MB of data.

### CUSTOMER SOLUTIONS

We have live, 24/7 support to make sure you can continue to enjoy our service

### OUR MISSION

It is the mission of MusiCloud Studios to provide musicians of all levels the ability to collaborate in an advanced, global, innovative environment. Our instructors and volunteers will help educate, inspire, and take your musical skills to the next level.

### SOCIAL MEDIA
